***YOU ARE INVITED - Baby Shower for Mary*** by The Icelandic Love Corporation 14-16 December.

The Icelandic Love Corporation invites you to the grand finale of Lilith's 10th Anniversary with a ceremonial tribute to the unknown and the unborn.

***"Follow the moon, follow the tide, follow your heart!"***

***YOU ARE INVITED - Baby Shower for Mary*** is a ceremonial celebration to the unknown and the unborn. A celebration for Mary: the feminist, the rebel, the star of the ocean, the strong current that leads the way to change.

Two madams from the Icelandic countryside will come to prepare the big celebration. They will guide you through the greatest of joy there is and take you on a journey inside your festive soul.

They ask for your trust and your presence in the moment of all moments and ask you kindly to bring a gift for the unborn.

The art collective The Icelandic Love Corporation has actively and successfully worked in the field of visual art, both at home and abroad, using nearly all possible media - including performance, video, photography, and installation - the ILC confronts the seriousness of the world with works that blend playfulness, humor and spectacle with refreshing genuineness and subtle social critique that often incorporates ideas of traditional femininity, with a feminist approach.

In the large-scale performance piece *Think Less - Feel More* 2011, the ILC wove the whole studio in big web made of 3000 nylons, like a huge 3-D painting. After being locked inside a dark container the audience was let out, and dressed in black helmets. Then they were ushered into the web of nylons where a popcorn fragrant shamanistic ritual was performed.
